

## Request for Pesticide Notification

**A Minnesota state law went into effect in the year 2000 that requires schools to inform parents and guardians if they apply certain pesticides on school property.**

Specifically, this law requires schools that apply these pesticides to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at each school office. The schedule will be available on our website [www.isd47.org](http://www.isd47.org) as well.

State law also requires that people be told that the long-term health effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully understood.

If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule (excluding emergency applications), please complete and return this form to: Personnel Secretary, Sauk Rapids-Rice Public Schools, 1833 Osauka Road NE, Sauk Rapids, MN 56379, or fax to (320) 258-1904.

If you have any questions regarding this notice, please contact: Greg Robbins, Building and Grounds Director at (320) 253-4703.

Sincerely,  
Daniel Bittman  
Superintendent of Schools

### Sauk Rapids-Rice Public Schools Request for Pesticide Notification

I understand the school will make available an estimated schedule of pesticide applications for review and copying at the school office and on the website [www.isd47.org](http://www.isd47.org). Should a pesticide application be scheduled on a day different from the day(s) specified in the original schedule, I would like to be notified. I understand that the school may ask me for reimbursement for the costs of notification.

I would prefer to be notified by (circle):
